**REPORT OF THE CHIEF OF POLICE**

Chief Beck reported on an officer-involved shooting that occurred this past Wednesday (November 15, 2017) at 1600 hours in the Van Nuys Area, when uniformed gang enforcement detail officers observed a vehicle with plates reported as lost or stolen. The Honda Civic vehicle was occupied by a male passenger and two female passengers. The officers initiated a following of the vehicle based on reasonable suspicion that the vehicle was stolen. The suspect, who was the driver, attempted to elude the officers and a short pursuit ensued. During the vehicle pursuit, the suspect fired at least once at the police vehicle from his point as driver of the pursuit vehicle. The pursuit culminated when the suspect crashed his vehicle into a light standard and immediately exited the vehicle with a hand gun firing at the officers multiple times. Officers returned fire killing the suspect who died on the sidewalk. Fire Department responded, transported, failed to respond. The female occupants inside the vehicle were uninjured as a result of the shooting and the traffic violation. No officers were injured. Two hand guns belonging to the suspect were recovered at the scene.

Also in the news, they have begun the process of closing some of the police station's front desks, from the hours of 11 pm – 7 am, based on an analysis of their work capability and the work load. This will allow additional officers to be deployed in the field. Eventually there will be 16 of the desks closed. The desks attached to stations with jails will remain open 24/7. Eventually this will result in about 48 officers being returned to the field. This is part of the much larger re-alignment plan the Department has where several hundred officers have been returned to the field and we anticipate by the end of the first quarter next year we will about 200 more returned to the field.

Also, there was a report on the lack of enforcement at the libraries. The Department responded to that report, and personal observations made by him. He added some resources to enforcement efforts in and around the most problematic libraries. Beck made a personal inspection of yesterday of Central library. It was much improved. Those results of extra enforcement resulted in almost 50 misdemeanors, 25 felonies and a number of citations of people for criminal activity in and around the libraries.

Also, there was an article on police fatalities that focused on Anaheim. He won't discuss the Anaheim, but LAPD was mentioned. The document that is the source document, by which the ACLU, initiated their study, he reviewed the source document and LAPD per capita is listed as 48 of the top 100 cities in police fatalities per capita.
