

3rd ROW SEAT THEFTS

THEFT FROM VEHICLE PREVENTION TIPS

Don't be a Victim. Lock your 3rd row seats.

- ❖ Thieves have recently been targeting Chevy, Cadillac, and GMC full size SUVs and stealing the 3rd row seat.
- ❖ The thieves break into the cars, unlatch the seats and take the 3rd row seat.
- ❖ The seats are made to be easily removable and are a valuable addition to these SUVs.
- ❖ The inherent cost of these seats makes it a desirable item for thieves.
- ❖ Topanga Auto Detectives suggest you invest in a simple bicycle cable lock as shown in the photo. This will make your 3rd row seat less desirable for the thieves. Or, if you do not use your 3rd row seat, take it out and store it at home.
- ❖ **Lock it, Hide it, Keep it.**
