The following numbered items have been completed from the Controller's Office 2nd Follow Up Audit Recommendations.

**Recommendation No. 1**

**Ensure that any sexual assault evidence kits that will be analyzed or that require a technical review are included in the SAEK Progress Reports.**

**Recommendation No. 3**

**Ensure reconciling differences between Departmental records are properly accounted for and explained in the SAEK Progress Report in order to accurately reflect the number and processing status of SAEKs.**

**Report on the Controller's Office, 2<sup>nd</sup> Follow-Up Audit of the  
Forensic DNA Backlog Reduction Grant Program Recommendations**  
October 31, 2012

**Recommendation No. 9**

**The LAPD should re-assess its resource needs (staffing and funding) to ensure the appropriate level of resources is available and maintained to prevent any future rape kit backlogs from occurring.**

**Recommendation No. 10**

**Communicate to Policymakers any change to originally estimated funding levels that were designated for a specific purpose.**

**Recommendation No. 11**

**The LAPD should establish a formalized plan or timeline with interim milestones to track its progress in developing a comprehensive master database for sexual assault evidence kits.**

**Response:**

This recommendation has been completed. A Request for Proposal (RFP) for the development of a new Evidence and Property Information Management System (EPIMS) was presented and approved by the Board of Police Commissioners on September 18, 2012. With the RFP released, a mandatory pre-proposal conference was attended by perspective vendors on October 18, 2012. Proposals will be due to the Department on January 3, 2013. The anticipated timeline for the proposal process, vendor selection, and contract negotiations will require at least eight to 12 months. The implementation of such a complex management system would be expected to progress in phases and require approximately 18 to 24 months for completion. The progress of the EPIMS project will be updated in the Detective Bureau DNA Quarterly Report.

The following numbered items remain and are an ongoing effort to reconcile from the Controller's Office 2nd Follow-Up Audit Recommendations.

**Recommendation No. 2**

**Identify revisions that are necessary to various Departmental records (e.g., APIMS or SAEK Master List, etc.) to ensure the reported number and status of SAEKs is accurate.**

**Response:**

The completion of this recommendation involves the development of a master database (Recommendation #11) and the ongoing development of the interim system Robbery-Homicide Division (RHD)/ Incident Tracking System (ITS).
