Don’t become a Victim

Porch Pirates (referring to those who steal packages from porches) have been increasingly active. A study in 2017 documented over 26 million holiday packages stolen nationwide (cbsnews.com). However, experts suggest that figure is a gross underestimate. Many do not report stolen packages because they receive refunds or consider it to be more of a hassle.

Having surveillance cameras or video doorbells do not necessary deter Porch Pirates. Protect your assets.

• Have packages sent to your work, or to another location where someone can be home for delivery.
• Have packages sent to delivery company lockers, Kiosks, or other rental boxes.
• Choose signature option upon delivery.
• Indicate a side or back door as a drop off location to keep it out of public view.
• Have your trusted neighbors keep an eye out for the delivery.
• Subscribe to delivery alerts.

STOP THE PORCH PIRATES!
Congratulations to our Leadership team on their promotions!
