What is Neighborhood Watch?

Neighborhood Watch is proactive crime prevention through awareness of your community. It involves you, your neighbors and your local police.

Neighbors make a commitment to report crime and suspicious activity in their neighborhoods.

Neighbors take active roles in safety, beautification and quality of life issues.

Neighbors develop friendship and trust; sharing phone numbers, work and vacation schedules and other important information.

Neighbors meet at local homes or community centers for BBQs, potlucks, social and block parties or other special occasions.

How Do I Start My Neighborhood Watch?

Talk to your neighbors. Ask them if they are interested in starting a Neighborhood Watch. They probably have the same concerns as you.

Call the Northeast Area Community Meeting Coordinator (213) 485-2548 to request police officers at your meeting. Officers provide crime trend information specific to your neighborhood, crime prevention strategies and a hands-on approach to community policing.

Agree on a time and a place for the meeting.

Notify your neighbors.

Where is my Senior Lead Officer?

Senior Lead Officers (SLO) work regular patrol schedules and remain available to assist with community meetings. Call the Problem Solving Detail to contact your SLO.
