### **NEIGHBORHOOD CRIME:**

1. Burglary, auto theft, vandalism and prowlers are the most prevalent neighborhood crimes.
2. Household burglary is one of the easiest crimes to prevent and commit, but one of the most difficult to solve.
3. Nationwide, over one-half of police time is spent on investigating burglaries.
4. Household burglary is one of the most rapidly increasing major crimes in the nation.
5. Most home burglars are young amateurs looking for easy targets.
6. Statistics show that in over 1/2 of household burglaries there was no forced entry involved.
7. A majority of household burglaries occur during daylight hours.
8. Household burglary has a high potential for death or injury in cases where a burglar is surprised by the property owner.
9. Ninety-eight percent of the time a burglar will not enter your home if he/she thinks someone is home.

### **Vandalism/Graffiti Prevention-Look around your community. Do you see...**

- Walls covered with graffiti?
- Knocked-over trashcans or mailboxes?
- Broken street lights?
- Spray paint on stop signs?
- Broken public telephones?
- Missing street and traffic signs?
- Writing or torn pages in library books?
- Public restrooms with broken doors and graffiti?

### **Vandalism Costs**

Schools pay out millions of dollars each year to clean up graffiti, repair buildings, or replace vandalized equipment. That means less money for new books, computers, sports equipment, and student activities.

Local governments (and their taxpayers) pay the bills for broken street lights, stolen signs, and vandalized parks.

Businesses pass the costs of vandalism on to customers through higher prices.

### **Vandalism Hurts**

People feel angry, sad, and frightened when something of theirs -- a mailbox, a garden, a car antenna -- is destroyed for no reason.

Vandalism indirectly claims other victims -- a child is injured because a stop sign was stolen, a person can't reach 9-1-1 because the public phone is broken.

To report graffiti in West Valley Area, please call the West Valley Alliance at (818) 227-9722  
We need your eyes and ears to catch these vandals. To get involved in our Volunteer Surveillance Detail, call Officer Alexander at (818) 374-7630.

**Editors Note:**

You have most likely noticed that we have changed formats for the newsletter! We have found that each Senior Lead Officer writing his/her own article is not giving you the crime prevention information that we think you deserve.

We still provide your areas specific crime map, for you to check and see what is going on in your neighborhood. These are available at your Neighborhood Watch meetings, and at West Valley Police Station. You can also look up crime activity in your neighborhood on-line at [www.lapdonline.org](http://www.lapdonline.org) or [www.lapdcrimemaps.org](http://www.lapdcrimemaps.org) .
