**Disaster Preparedness**

Did you know the City of Los Angeles wants you to prepare for an incident of major emergency? The City declared September as Emergency preparedness month. When there is a major earthquake, flood, fire or terrorist incident, the City will not be able to respond to your calls for service (i.e.- Police or Fire) for 3-10 days. Are you prepared to care for your family and pets? On the next page are some suggestions. The City provides more training through the CERT program, and other programs. We can help get you involved- call us! (818) 374-7630

Who Do I Call For This?

Our sincere apologies go out to you as well as to
Film LA Inc. We misstated Film LA’s duties and
functions in our last month’s newsletter. The City
of Los Angeles (and LAPD) issue the filming
permits for almost all filming in the city. Film LA
is a non-profit, private, benefit corporation which
simply acts as a liaison between the production
companies, the local government agencies and the
communities. Film LA does coordinate the film
permits for the local governments. They also track
neighborhood complaints. So, if you have a
neighborhood filming location, you can call 311, or
look on the Film LA website to see if it is a
permitted filming location. The LAPD will
respond to problem filming locations, and handle
complaints. If the complaints are parking, hours of
filming etc, you should also notify Film LA, so that
they can track the issue in their database with that
individual location as well as that specific producer
or production company. The LAPD is working
with Film LA and the Mayor’s Office on
developing a more formal written protocol in this
specific section of entertainment law that affects
our beloved city.
